T-Shirts

We only use top quality shirts.

- The shirts we use are 100% Australian made, from 100% Australian Cotton.
- We have painted approximately 25,000 shirts over the past 21 years. The quality and durability of the current shirts is best suited to this activity.
- While we can use cheaper imports, the results have proven nowhere near as successful.
- By continuing to buy local Australian Made products, we are helping support Australian jobs and our own economy.
- Price includes transport, washing and organising shirts for your class order.
- We hope this is manageable for your budget.

Note: As the T-shirt Painting is an education activity, the GST cost should not be charged to parents.
